THE VICTIM OF AVARICE.

By the author of "Minnie Gray;" "Gus Heward, or How to Win a Wife;" "Stanfield Hall;" "Amy Lawreece;" "Harry Ashton, or the Will and the Way;" "Ellen de Vere, or the Way of the Will;" "Woman and her Master;" "Romantic Incidents in the Lives of the Queens of England;" "Fred Argen, or the Lawyit," Regence "set".

This charming remance will be eagerly caught up by the nu-merous eduirers of "Minnie Grey," "Amy Lawrence," "Wo-

merous admirers of Minnie Grey, Amy Lawrence, No-man and her Master," etc.

The author has added another to the many laurels which have colong graced his authorial brow. Fred Vernon may be termed his master-piece. The tale is remarkable for the keen subtlety displayed in the individuality of its characters, for the strength

displayed in the individuality of its characters, for the strength of its diction, the intricacy of its plot, the harmony of its groupings and its stirring energy as a composition. Its talented author is, next to Dickens, the finest romanelet of his day. The narrative is finely conceived and nobly executed. The story is one of intense interest, and the style in which it is told so faccinates the reader that he finds it almost impossible to buy it saide until be reaches the end.

"The highly-wrought pictures of fashionable life have had their day; and although there is a morbal tasic among fashionable people to pore over the details of dissipation, of luxury, and their consequences, yet for one who reads this class of movels twenty will read such as "The Newsboy." Dickets fally understands this prevailing taste, hence his best characters are from the humble in life. This work is one of the best of its class, shounding in interesting incident and overdowing with pathos. Appealing, as it does, to the finest sensibilities of our nature, it will do note and should be widely read."
